

Maintenance & Changelog

We will document maintenance patches and changes to the NoC here.

- [Bug Reports](#)

Bug Reports

We record the status of bug reports here. Fixes are usually included in the next NoC version release unless the priority is marked as critical.

ID	Date	Reporter	Description	Ticket	Priority	Status
0004	18/07/26	JT	Provide OS install options during the order flow	N/A	Low	Planned
0003	05/06/26	SC	BUG - ARIN IP blocks should only be orderable for servers in APAC. RIPE IP blocks should only be orderable for servers in the EU.	#20260621402	Low	Completed
0002	22/05/26	JT	Improvement - Upon installation, a confirmation email is now sent.	N/A	Low	Completed
0001	22/05/26	MR	BUG - When navigating away from the install page, the installation process can become stuck until the page is revisited.	#20260519295	Low	Completed
